

## The Institutional Effectiveness Cycle: Use of Results

### The Institutional Effectiveness Cycle

The institutional effectiveness process is cyclic in nature. The preceding diagram illustrates the complete cycle. At Jacksonville College, each assessment cycle is staggered over a twelve-month period of time as follows:

#### **August - September**

All units, instructional and non-instructional, begin the IE cycle.

Column 5 “Use of Results” from each unit’s previous year report will guide the goals/objectives for the new IE cycle.

Columns 1-3 of the IE unit report must be submitted for review by **September 15**.

#### **December - January**

Analysis of fall data for Column 4 begins and must be completed by **January 15**.

#### **June - August**

Analysis of both fall and spring data will provide information for Column 5 of IE report, thereby closing the loop. The completed report must be ready for submission by **June 15**. (Admissions Department: Submit report from previous year by September 30.)
